

Product Return Safety Form

Step 1: Contact Endoplus (800)236-5972 for a Return Authorization Number.

Step 2: Fax completed Product Return Safety Form to (847)325-5661.

Step 3: Attach completed Product Return Safety Form to the outside of the returned package.

Return authorization is valid for return of product for 30 days from date of issue.

To insure the safety of our employees, Endoplus reserves the right to refuse delivery of products without necessary documentation or where Endoplus determines the instruments have not been properly decontaminated.

Return Authorization Number:	
Catalog Number(s):	
Reason for Return:	
Has the product that you are returning been properly cleaned and disinfected so that it is safe for human handling?	Yes No
Note: All items must be cleaned to make safe for human handling, along with complying with DOT 49 Hazardous Material Regulations and OSHA Bloodborne Pathogen Regulations 29 CFR 1910.1030. Federal Law prohibits the transfer of equipment or products contaminated with radiological, biological, or chemical waste residue.
